

# C-SERIES

## | Compact Tablet

Need to integrate a barcode reader or connect to retail-specific software like EMV L1/L2 Certified, Pinpad, MSR, or NFC L1/L2 Certified modules? Or maybe you need a mobile device that can operate -10° to 50°C/14° to 122°F? The Comark C-Series Compact Tablet is an ideal choice. This versatile computer offers both performance and a smaller, 8" form factor. It even comes with an optional vehicle mount and stylus. And, of course, the entire C-Series can be customized with scanners, GPS, or other options, including custom mounts.
